5. The out-of-network Maximum Allowable Charge is equal to the in-network negotiated fee. Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for covered services, subject to any co-payments, deductibles, cost sharing and benefits maximums. Negotiated fees are subject to change. Percentages shown are based on the maximum allowable charge, even when a covered service is provided by an out-of-network dentist, except in AK, NV, MA and MT. In these states, out-of-network percentages shown are based on a percentile of the reasonable and customary (R&C) charge. The R&C charge is based on the lowest of: (1) the dentist's actual charge for a covered service; (2) the dentist's usual charge for the same or similar service; or (3) the amount charged by most dentists in the same geographic area for the same or similar service as determined by MetLife. You may have greater out-of-pocket expenses when you visit an out-of-network dentist. Contact your MetLife representative for complete details.
